

Blackberry Storm 9530 Battery Replacement

Need to replace a battery? Follow these simple steps!

Written By: melanie lim

INTRODUCTION

This guide will instruct you on how to access, remove, and replace your Blackberry Storm 9530 battery.

Step 1 — Back Cover Removal

- First locate the two switches located on the lower backside of the phone.
- Simultaneously, push the two switches forward causing the back to "pop" off.
- The back cover should be fully detached from the phone.

Step 2

- Once the cover has been removed, the battery should be immediately visible.
- The battery is situated in the top half of the phone.
- Using either your finger or the spudger/prying tool, remove the battery from the back of the device.
- ⓘ Your battery has a specific orientation to it. Make sure the bronze/gold colored leads are aligned with the bronze/gold colored strips on your battery before reassembling.

To reassemble your device, follow these instructions in reverse order.
